Furs For Christmas Gifts

UNLESS they are really Good Furs, better not give them at all. But it is not necessary to spend large sums to get good ones, as we can prove to you a hundred times over in this Fur section of ours.

Costly and sumptuous pieces if you wish them—and even they are priced less here than anywhere—but more important still is the carefully chosen collection of good, handsome and RELIABLE Furs at the moderate prices.

We do not handle the too-cheap Furs at all. But we do sell Furs that you can be proud to give and glad to get at low prices. Example:

The Gift Useful and Beautiful

A THING may be useful, yet not beautiful, or beautiful but not useful. If it be both, then does it not serve the higher function of a gift? Is that defined as you would define it? Then we believe that you will find our collection of gift things of more than passing interest. The stock is big—exhaustive. Big because of its infinite diversity. Exhaustive because the products of foreign countries, as well as this country, are represented. Their master workers have wrought useful and beautiful things of precious materials, fine leathers, etc. With a gift thing from our store you offer but one tribute—your sentiment toward the person favored.

SILKS THAT WILL SERVE AS GIFTS

A POINT that will appeal particularly to discriminating people is that while our showing is a remarkably large one, there is hardly two pieces alike—every bit of this silk was chosen for its individuality, for its exclusiveness and therefore is sure to please the recipient who dislikes commonplace. In this announcement we merely give you an outline of the scope of the stocks and the moderate prices.
